S'IGNATIUS

St. Ignatius of Loyola — soldier and saint — founded the Society of Jesus over four hundred years ago. To this day his Sons labor for the spread of the Truth in high schools, colleges, missions and other apostolic endeavors. Faithfully, every Jesuit carries the banner of this illustrious Saint who conceived of his Companions as conquerors of the world for the Kingdom of God.

It is this spirit that lives wherever the Society works, and it is here at St. Ignatius as well, where, in the classroom, lab, conference room, or the chapel pulpit, the influence of this spirit is preserved in the most noble task of Christian education for Christian leadership. His influence is found in the moulding of maturing minds and the building of strong characters. The end result is the graduate of St. Ignatius High School, a young man about to step into a difficult and challenging world as a leader among those who will influence and direct the course of human history.

Francis Thompson, in his life of St. Ignatius, wrote that it is the special purpose of the Society of Jesus to influence that class of society in whose hands lay the active or intellectual control of the world and the world's business.

Pope Pius XII once said that those who control the world's culture will control its civilization; and those who will control the world's civilization are in turn those who control its education.

Indeed this is a monumental undertaking, but it is really nothing more than the task bequeathed to the Apostles by Our Lord when He instructed them to go out and baptize all nations and peoples. The conversion of the world is the very object of the work of Holy Mother Church.

It is to this objective that the Society of Jesus devotes itself. In a world confused and uncertain, they offer certitude. In a world where truth is hidden in the mist of suspicion and hate, they offer a clear and steady beacon. In a world where hope is a lost and forgotten commodity, they offer stability, conviction, inspiration and direction.

St. Ignatius High School contributes its small part to this world mission. With an abiding faith in the knowledge that we are a part of Christ's Mystical Body, we Ignatians glory in the firm conviction that our lives and our work are one in partnership with Christ. We are working for Him and with Him. In this we have true purpose and meaning. Here is the certitude, the beacon, the vision and goal of a life that will be meaningful to US.

To fulfill this plan, the Ignatian man must pray, study, work, compete on various levels of scholastic and athletic activity, relax in good fellowship, bear responsibilities, challenge his imagination, discipline his powers and faculties, give generously of his time and energy to the corporate efforts of his fellow classmates, master the tools of learning, and lastly, mature himself within the professional atmosphere provided by the faculty and the officials of the administration.

The vocation of the Jesuit Priest is to bring God to souls and to lead souls to God, and this he does most generously in the classroom and lecture hall. St. Ignatius High School proudly boasts that within its halls there is conducted the most noble task of Christian education. If education is preparation for life—and Catholic education is a God-centered preparation for a God-centered life—then we find our Jesuit Father at home with the student, living out the fullness of his priestly vocation.

LAY FACULTY

Time was when a lay teacher was a rarity on the faculty of a Jesuit school—a sort of appendage to the Jesuit faculty. But that day has gone forever. Today—and increasingly in the future—our lay teachers are a large and indispensable part of the faculty.

As the enrollment of our Catholic schools continues to rise far more rapidly than the supply of teaching Religious, the Catholic lay teacher becomes the condition sine qua non of the growth of Catholic education.

St. Ignatius is blessed with lay teachers who are highly educated and gifted men, competent to lead our talented students in adventures into the wide world of knowledge. But more, our teachers are Catholic gentlemen of the highest religious ideals—apt patterns for the boys before them—worthy collaborators with our Jesuits in the great apostolate of forming young men in the image and likeness of Christ.

JESUIT SCHOLASTICS

The Jesuit Scholastic is a young man with a vision—a vision of the Priesthood. He comes to us with his literary, scientific and philosophical studies behind him. His theological studies lie before him. And for a refreshing interlude, he steps into the active apostolate of teaching. He brings to the Jesuit Faculty the great asset of youth, that attractive and winning dimension which gives him a special closeness and understanding and influence with the boys he encounters in his work.

Planning

This year climaxes Seventy-Five years of service by St. Ignatius High School. It commemorates the modest beginnings of a courageous effort to form and educate Christian men. This year marks the end of a period of growth and development in every dimension of school activity. Proudly we salute the ALUMNI of St. Ignatius for their generous efforts and noble accomplishments.

The Future

But never satisfied with the present, the Administration of St. Ignatius High School continually strives to improve and perfect the academic, spiritual and physical conditions under which the future Ignatians will grow and mature in the Christian ideal envisioned by the Society of Jesus. The past has indeed been glorious; the future promises another seventy-five years of progress and imaginative planning. And for this facet of our story, we turn to the organizations which have engineered and directed the improvements at St. Ignatius High School—the Alumni Association and the Fathers Club.

Alumni

Under the present Director, Fr. Broome, S.J., the Alumni Association has developed into a singular organization serving both the students of St. Ignatius and the Alumni themselves.

To the outgoing seniors the Alumni Assn. has provided invaluable educational service by presenting Career Night and the College Night.

To the Alumni, this organization has functioned in a unique way by providing two different beneficial programs. On the spiritual side, there are the two annual retreats and the Alumni Communion Breakfast. Socially, they present three dances and a theatre party at the Hanna.

Plans for the future of St. Ignatius include many ambitious programs, including the construction of two new buildings. Such improvements can be undertaken only with the generous assistance of groups like the Ignatius Fathers' Club. The highlight of the year's activity is the annual Scholarship Drive, under the supervision of Fr. Pingstock, Faculty moderators, and the co-operation of a specially selected student committee. We salute the devotion of the Fathers' Club, without whose kind loyalty to the alma mater of their sons the plans for expansion and development could never be realized.

Two months of hard work and a year of planning nears an end as the raffle stubs are emptied into the hopper.

This will be built in the summer of 1962. The new Science Building, which is located on 30th Street, will feature complete facilities for basic and advanced Physics, Chemistry, and Biology.

Seniors

For four years the men of the Class of 1962 have carried on the true tradition of St. Ignatius High School. For three years we followed the competent leadership of our predecessors. This year, we came to realize that we ourselves were the leaders; and assuming this responsibility, the Class of 1962 worked to leave behind a tradition that will challenge all succeeding classes.

This section is the story of that tradition, a story of our hopes, their realizations and disappointments; of our accomplishments and defeats, our joys and sorrows, our laughter and tears, our labors and recreations. It is the reenactment of this story that we hope to portray.

The spirit of the Class of 1962 will remain forever in the halls of St. Ignatius. In return, our hearts have indeed been enkindled with a fire which will never die as long as we hail the Blue and Gold. It is by this flame that we are marked forever as men of Ignatius.

Soda

New ideas and new enthusiam were the watch-words of the Sodality this year. The Sodality once again organized the Canned Food Drive, but they supplemented this and other activities with new projects both within and outside the school. An unused portion of Manresa Hall was transformed into the successful Paperback Book Store. The Sodality also ventured outside the walls of St. Ignatius seeking newer and more abundant opportunities for apostolic work. Volunteer sodalists were sent out to help at Merrick House, a welfare home; many also contributed their time at St. John's Hospital. Another group bore part of the burden of taking the census at St. Patrick's Parrish. With all this, wherever a sodalist worked and whatever his job, either inside or outside the school, he impressed the spirit of St. Ignatius and his own personal charity on everyone with whom he came into contact.

Student Council

The Student Council is really the backbone of the St. Ignatius student body.

The full Council meets every first Thursday under the direction of Fr. Verhelle, S.J., and Council President Tom Sheehan. This assembly of class officers and representatives from extracurriculars undertakes the task of supporting and directing student activities. Dances, rallies, and other new enterprises such as the Homecoming and the Football Booster Club rank among its many achievements. The Constitution of the Student Council contains the phrase which would best describe the purpose and function of the Council. It is to "assist in everything for the good of the school."

Ignatian

Moderator: Mr. Anthony J. Iezzi, S.J.

The publication of the 1962 IGNATIAN climaxes a year of decisions and difficulties for a generous and highly spirited staff of talented Ignatians. Early in September, the editorial staff met to map plans for the theme, the cover, and the innumerable details of planning and development.

Editor-in-Chief John Gorman and his Managing Editor Tim Clarke excelled in leadership and organization ability. Their work laid the foundation for the rest of the year. Overcoming the many frustrations of such a project, the editors and their respective staffs continued to drive for the appointed deadlines.

Moderator: Mr. Patrick F. McManamon, S.J.

Reporters, left to right: Dressman, Csaszar, Rebeta, Kill, Walter, Kelley, and Ribar.

The EYE has proved to be the life of St. Ignatius throughout the many years it has been edited. Informing and enlightening have been its benefits for everyone. St. Ignatius is indeed very fortunate to have this organization.

Under the direction of Mr. McManamon, the various staffs of the EYE have related and depicted how life really is at St. Ignatius in all its phases.

Editors: Izanec, Columbus, Toomey with Mr. McManamon, S.J.

Reporters, left to right: Pennock, Bednar, Blake, Korcsmar, Montwieler, and Milles.

I.A.A.

Moderator:
Mr. Theodore Ross, S.J.

All the students of St. Ignatius, at one time or another, have come into contact with the Ignatius Athletic Association. Under the efficient direction of Mr. Ross, S.J., and the eager salesmanship of its members, the I.A.A. has served the school well. They also assist when the school offers Harlequin, dance functions, and the newly inaugurated film festivals.

World Affairs

Moderator:
Mr. Anthony J. Iezzi, S.J.

The St. Ignatius Chapter of the World Affairs Council has enjoyed a year of extensive activity. Several joint meetings with Magnificat High School proved very profitable to both groups. In December, and again in February, a panel of Council members appeared on television with a discussion of world affairs and international politics. Representing St. Ignatius at the downtown meeting of the Cleveland Council is Council Chairman Dan Roberto who keeps the group well informed as to the activities of other schools. The high point of the year was the Council's participation in the mock U.N. Session at Lakewood High School in the spring.

A keen understanding and knowledge of the classics greatly aids a person both in his education and in his future life. Realizing this, Mr. Kilgallen, S.J., has taken up the leadership of the Classical Club.

Equipped with a yearning for further knowledge, this group takes time after school to discuss and enjoy more fully the abundant knowledge found in the classics.

Camera Club

Moderator: Mr. John Macy, S.J.

Under the guidance of Mr. Macy, S.J., the Camera Club has proved to be a very valuable asset to both the IGNATIAN and the EYE. The members also have taken several interesting and profitable field trips; and especially worthwhile was the day spent at the Ripcho Studio in the spring.

Back Row: Cantillon, Kundtz, Mr. Fleck, S.J., McLaughlin, McManamon; *Sitting:* Tucker, R. Murphy, Stevens, Mackin.

Missions

Devoting their time and effort for the spreading of the Faith, the members of the Mission Club, under the direction of Mr. Fleck, S.J., strive to gain excellence in their undertakings throughout the year. Each week, they are responsible for attending to the weekly collections, tabulating and accrediting the results for the individual home rooms.

Back Row: Mr. Macy, S.J., O'Brien, Albrecht, Calhoun; *Front Row:* Kender, Kopkas, Rados. Absent: Kowalysko, Nadas.

Math Club

The Math Club, under the direction of Mr. Macy, S.J., is one of three science organizations at St. Ignatius. They meet every Thursday after school, and their meetings consist in solving math problems and attending lectures on some of the newer and more modern developments in the field of math. This comparatively new club looks forward to a long life in building the new scientific endeavors at St. Ignatius High School.

Stamp Club

The Stamp Club is a new campus organization. It was started this year by Mr. Fleck, S.J.

At the meetings, Mr. Fleck brings in stamps which are available for purchase by the members. The members also display their own stamps and engage in trading. The Stamp Club is looking forward to a long life at Ignatius, as well as encouraging others to take an interest in this hobby.

Radio and Science Clubs

The Radio Club is in one sense at least above all the other Ignatians—the radio shack is on the sixth-floor tower. Here, members communicate with many parts of the world. At the weekly meetings under the direction of Fr. Kirby, S.J., the members acquire a practical knowledge of the intricate designs of electronics and the full uses of radio communication.

Moderator: Fr. James A. Kirby, S.J.

The Science Club, under the direction of Fr. Kirby, S.J., has contributed considerably to the increase of interest and appreciation in the problems of modern science. During the meetings, held every Friday in the physics lecture room, the members engage themselves with experiments and other facets of scientific activity, including work in atomic and electronic physics. Occasionally one of the members explains a modern principle of science to the whole group.

Under their new director, Mr. Justin Kelly, S.J., the Harlequins undertook a straight dramatic play, *The Caine Mutiny Court Martial.* This departure from the usual high school comedy proved to be an overwhelming success. The actors mastered some very difficult parts with a talent that impressed a sell-out crowd. Credit for the financial success of the venture is due to the enlarged business staff under the direction of Mr. Peter Deane, S.J. The stage crew was assigned the task of preparing the Lorain Gym for the performance, the first time the gym has been used for the school play. Through an abundance of ingenuity and hard work, a curtain was erected and the gym was structured for the play.

The Harlequins, in staging and presenting their play, exemplified their traditional spirit of dedication and teamwork. It is this spirit that will carry them through their spring play, and the dramatic contests at the end of the year.

Speech Squad

One of the major concerns at St. Ignatius High School is the development of speech and oratorical technique. In pursuit of this objective, the Speech Squad has been formed to provide opportunities for speaking in varied types of performances. Under the direction of Mr. Carlino, S.J., the divisions of the Speech Squad have demonstrated their ability to compete strongly with other schools. The varied program offered by the Speech Squad presents a broad area within which the individual student may find his proper place and thereby develop his talents more fully.

Vista

In the past two years at St. Ignatius High School, a new literary height has been achieved. This has been in the form of *Vista*, the magazine devoted to the publication of stories, articles and poems by Ignatian students. This literary publication is compiled and edited after weeks of careful sorting and selecting of the best essays and poems written by the students themselves. We should all appreciate and realize what an admirable job the staff of *Vista* has done. Under the excellent leadership and direction of Mr. Gene Phillips, S.J., they have made every effort to present to the student body the best in English literary style and composition.

Mr. Phillips and Editor Zak discuss the next issue of VISTA.

St. Ignatius debaters began this year with impressive victories at Magnificat, with both the Varsity and Reserve teams winning first place trophies. This event presaged well for the year, for the squad then defeated the Indiana State champs at Purdue in December. They performed very well at tournaments out of town and in other states, such as Jamestown in New York, and at the University of Detroit where all four Varsity debaters won medals.

St. Ignatius High School is, however, not at all surprised at this. In 1961 we won the Ohio State championship. From this victory we went on to place fifth in the National Catholic finals in Baltimore. In addition, we placed eighth in the national finals in the Forensic trials in Pittsburgh—and we accomplished this feat *three years in a row*. In April, and again in July, the four top men of the Varsity team, accompanied by Fr. Miday, S.J., appeared on television.

Early this year, three debaters prepared for another outstanding year by attending a debate summer school and, naturally, winning its tournament.

For every event, be it the week-end game, coming Glee Club or Band concert, business drives, film festival announcement, they are sure to come up with a crazy sign that comes right to the point. By far their most impressive performance was their clever adaptation of the 'B.C.' cartoons for the 1962 IGNATIAN.

National Honor Societies

NATIONAL HONOR SOCIETY

Students are selected for the Honor Society by a special faculty committee which bases its selection on the combined norms of scholarship, service, leadership and character. The student must graduate with an overall average of 85 minimum, and the service and leadership qualifications are judged largely in terms of participation in extra-curricular activities. Emphasis is placed on the number of activities engaged in by the student, and the extent to which he has given time and generosity not only to the activity itself, but with regard to the personal leadership he has manifested in his work.

NATIONAL ATHLETIC SCHOLARSHIP SOCIETY

Membership is limited to those students who earn a letter for participation in one of the four major sports, or in any two of the minor sports. In addition, they will have merited second honors for any three consecutive semesters, or maintained an 85% average for two years. Lastly, they will have exemplified the highest type of sportsmanship and citizenship. The purpose of this society is to foster scholarship among athletes, stimulate a desire for balanced training, elevate the ideals of sportsmanship and develope a high type of leadership in the athletes of the secondary schools in our country.

1962 Scholarship Drive "62 for 62"

The success of the 1962 Scholarship Drive was achieved by the joint efforts of the Fathers' Club, Alumni Association, and the student body committee under the direction of Mr. Peter Deane, S.J., and Mr. Norman Dickson, S.J. Elaborate contests motivated the students toward their goal of $62,000. Campaign leaders for the homerooms were Jim Marquard and Les Spisak.

This year, the Scholarship Drive set out on its 'New Frontier.' As in the past, the Drive will supply funds for student scholarships. In addition, however, the Drive will assist in the new expansion program now underway on campus. The immediate object of this planning will be the Student Center (shown at the left) which will correct the existing needs and will be used for dances, movies, and other school functions. The entire St. Ignatius organization, including students, alumni and Fathers' Club members responded to the call and manifested their generosity in working for the success of the 1962 Scholarship Drive.

If you are looking for the *body* that best typifies Ignatian spirit, your search is over. It is 3A. Why? Because the *head* of this *body* is the group of academic leaders of the junior class whose names repeatedly are inscribed on the honor roll.

The *arms* of 3A extend into every Ignatian activity, with a *hand* in everything that is discussed and decided upon within these activities.

3A has one of the biggest *hearts* at Ignatius—one that gives willingly in the Scholarship Drive, the mission collection, and the Harlequin Patron-Sponsor Drive. Its members can be seen at all football games, cheering for the success of our fellow Ignatians on the field.

Whatever the dimension, wherever the event, whoever is involved, the one thing most certain to be noticed is that 3A is well represented—and in strength! And so as 3A passes through the doors of St. Ignatius, we will not be remembered so much as individuals, but as a *body*.

Perhaps we are not the best class in the junior year, but then again, perhaps we are. Perhaps we are not destined for greatness, but then again, perhaps we are. Everyone in this class is destined for something important, judging by our talented members.

If one took the time to look and examine, he would find examples of 3B participation in every facet of school activity. He could go to one of the football games and marvel at the athletic prowess of Tom Bayless and Tom Kelly. With a quick scan of his eye he would see a cluster of cheering Ignatians, in the midst of which is certain to be one solid representation from 3B.

If he chose, our judge could take a look at the debate trophies contributed by 3B debaters Pat O'Donnell, Nick Bush and Kevin Lyons. Picking up an occasional issue of the EYE, he would be confronted with an article by Bill Horvath or perhaps Bill Montweiler.

He can look anywhere, really, and never fail to find some mark on the trail left by some member of this class. From such a group, he would have to conclude that much (or should we say anything!) can be expected.

Many factors combine to make up class spirit. This need never be limited to the field of athletic competition, for it extends into every facet of school activity and extracurricular. With modest pride in ourselves, the class of 3C makes a claim to whole-heartedly containing and exemplifying this class spirit. The unity within our ranks along with the awareness of group solidarity offers mute testimony for this claim.

We can proudly say that we are represented at each and every Ignatian activity, either to cheer them on to victory, or to give a demonstration of unity and enthusiasm for our school. We care very much what happens when our school meets others in competition, either athletic or academic, and we make certain that those other schools become aware of this.

With a candidness that might startle other groups, we announce publicly that we wish to walk off with the title "Junior Class of the Year." And after Class 3C has graduated from "their" high school, it will be easily said that "this class was a true Ignatian class."

Situated in room 31 on the third floor is a widely assorted group of top-notch Ignatians numbering thirty-seven strong. Why widely assorted? Because men from almost every sophomore room are united and orchestrated into this group that will be long remembered as one of "the" classes of the '61-'62 school year.

We are very well represented in almost every activity ranging from the band to the Sodality. Our gift to the Varsity Wildcats consists of Bernie Koczaja and Andy Kennedy. As a class, we were there always to cheer them on and to blend our spirit with that of the rest of the student body to present a solid crowd of eager Ignatians—eager to win, and eager to demonstrate solidarity in competition. This is true wherever you find St. Ignatius engaged in competition, and it is especially true about 3D, because no matter where you go, whether it be at a football game or rally or —well, you name it—you will always notice a large contingent from 3D in the thick of the crowd.

Led by Dave Joyce, President, and Vice-President Don Kelly, 3D should be well on its way to becoming one of the top classes of the year.

High up on the third floor in room 35 is Class 3E. Not only is this class in a lofty position in the building, but it is also among the leaders in almost every club and activity at St. Ignatius.

Here is a class with true Ignatian spirit and desire. The fellows in Class 3E want to rank at the top of everything they do. We have boys on the staff of the EYE, in the Booster Club and the Camera Club. In addition, we are well represented in the major sports with class members on the Varsity football team, and the basketball and baseball squads. Our class is built upon the desire to become solid, dependable Ignatians. We not only have boys in extracurricular activities and athletics, but also those who excel in academic scholarship. The class of 3E is comprised of Ignatians who want to be outstanding in everything they do and they usually accomplish this task. We feel confident that this strong spirit will carry us through to our day of graduation, and further into the world of business and the professions.

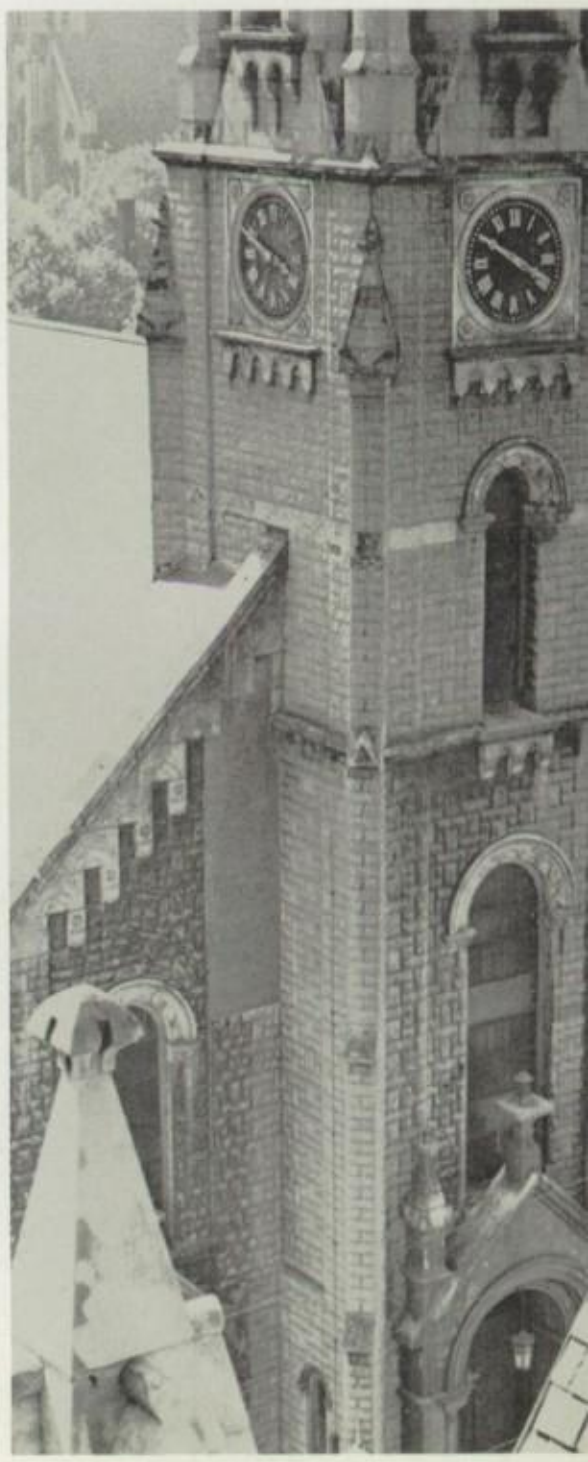
3E

A familiar sight to Ignatians.



The outstanding feature of Class 3F is that they are a group of widely assorted Ignatians. They gather together five days a week from all parts of the city to take a place in room 36. And from the time they take their seats they become part of a group of men working to make their class one of the best known and most respected of the junior classes.

The geographical mixture is an interesting study in the way in which a high school class can beneficially unite and blend such a widely scattered group of students. We offer this as one of our many accomplishments during these past years, for out of this concourse has developed a most interesting and imaginative group.

But our accomplishments extend far beyond this rather natural occurrence. A member of this class is proud to be a member for he can boast of representatives in almost every extracurricular activity in the school. In addition, this class has consistently shown an outstanding school spirit at rallies and sports events, thus playing a significant role in the school's althletic contests throughout the year.

With all these things behind our class, each member can be proud to be listed in its ranks—one of the finest classes at St. Ignatius—3F.

Stretch!

Through the doors of St. Ignatius High School walk thirty-eight of the finest men of St. Ignatius—the members of Junior Class 3G. From the outset of Latin Class in the morning until the end of French class in the afternoon, the loyal 3G men of Ignatius assemble in room twenty-three, following in the footsteps of seventy-five years of Ignatians.

Under the proficient guidance of Ed Walsh and Clem Sako, Class 3G proudly hails the Blue and Gold. Members of this class are sprinkled generously in all the school activities. No other class can boast seven members of the Varsity football squad: Ed Walsh, Steve Huntz, Ray Kubacki, Fred Schnurr, Clem Sako, Wally Koral and Bob Doran, who led the team triumphantly, time after time.

The men from 3G are noted for their leadership in such widely scattered organizations as the Sodality, band, Booster Club, EYE, Glee Club, debating, the I.A.A., and the Harlequins.

In structed in the "precise" use of Latin, brought up to date in the modern mathematical discoveries, "indoctrinated" to appreciate the "finer points of culture" through our study of English and French, and educated in the basic tenets of our Religion, Class 3G not only produces "men of Ignatius," but also, and much more important, it produces "leaders" of Ignatius.

Students who have school spirit are the foundation of a good school. Willingness to participate in school activities is a major component of school spirit. And this willingness is found in the class occupying room 46—Class 2A.

We have representatives participating in nearly all the school's activities. Tom Higgins, Keith Holan, and Dan Breiner are our contributions to the school band. Through Ron Krupitzer and Paul Zeigler, we share in the victories of the junior varsity football team. Our answer to Henry Fonda is Gale McNeeley who played the lawyer in the *Caine Mutiny* play. Our golden-tongued orators on the debate and speech squad are Paul Fitzgerald and John Broglio. We are also represented in the Sodality, the Glee Club, the Booster Club, the Science Club, the Radio Club, the IGNATIAN staff —and, of course, in the Saturday morning "jug."

Our class consists of a variety of personalities who distinguish it from other classes. A famed team of Mack and Hanna keep things going. Wally Nemcek and Chuck Gardner also add their quick wits. Class 2A can be proud of its accomplishments in studies and in extracurriculars.

It is easy to say, "our class is the best," but difficulties sometimes arise when a class tries to prove this statement. Yet we students of 2B feel that our accomplishments give a sound basis to our boast.

The high quality of the class is found on its motto: "consistent excellence." This excellence is not only restricted to the field of scholastic achievement, but extends to extracurriculars as well. Our class is always well represented in honor assemblies and our men are valued members of almost every organization and activity at St. Ignatius. Our high standing in the weekly mission collection shows the generosity of 2B. In our freshman year, we led the school or were near the top in the Harlequin Drive, the IGNATIAN Drive, and the Scholarship Drive. This spirit was the reason we merited the "Freshman Class of the Year" award.

What is the secret of our amazing success? Simply this: In every class there are a few leaders; in 2B all the students are leaders.

We, the members of 2C, feel that our class is the most interesting, versatile, and loyal class in the school.

2C is a very interesting group because it consists of thirty-nine students who like to learn through good, hard study—and who also like to have a good, hearty laugh. Due to our liveliness, teachers never know what to expect. However, they find that our liveliness extends to our studies because we spend hours of hard work on our assignments. This hard work is the key to our accomplishments.

Our versatility reveals itself through our participation in almost all the school activities. We have the only two sophomores on the varsity football team and seven members of the junior varsity team—and among the seven are the two co-captains. We are also well represented in the band, Sodality, Glee Club, and the Harlequins.

Our loyalty is shown also in the weekly mission collection. A large contigent from 2C attends every varsity game and every school activity.

These three qualities—liveliness, versatility, and loyalty—make 2C a class we are proud to belong to.

Teachers and students who enter 2D each day find a small world of many distinct personalities. The variety of characteristics and traits found in the students of 2D is a real part of the scholastic and extracurricular life at St. Ignatius.

We have representatives in every campus activity. And this spirit of generosity in school enterprises also shows up in the weekly mission collection where 2D usually ranks with the top ten or twelve rooms in the school.

The students in 2D feel that they are fortunate in having some of the finest teachers at St. Ignatius—Fr. O'Reilly, S.J., Mr. Carlino, S.J., Mr. Von Tobel, S.J., Mr. Bitzan, and Mr. McGinnis.

It is true that school honor rolls have never featured an abundance of students from 2D. It is, however, the combination of many distinct and fine personalities—and not just grades —that makes 2D a good class.

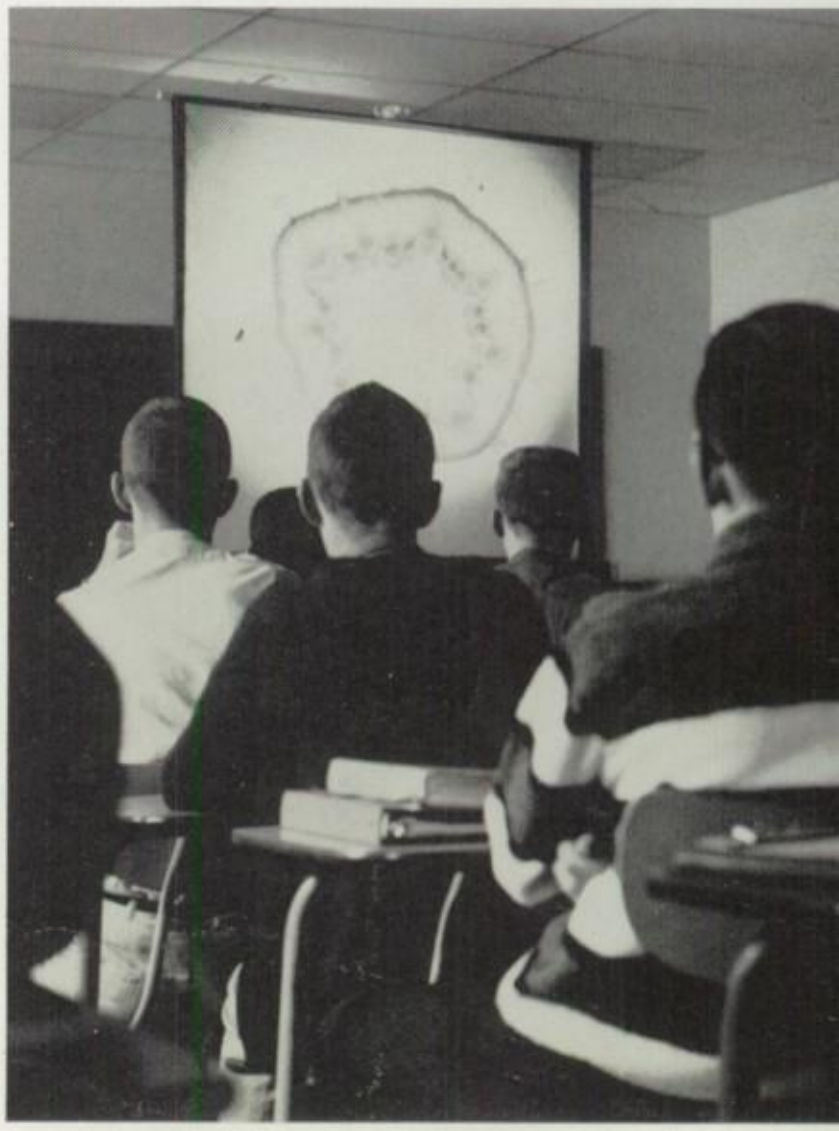
2E

Fully engrossed in the mysteries of life and growth.



We happen to be some of the more lucky people of St. Ignatius High School, and this for many reasons, not the least of which is the fact that we are members of sophomore Class 2E. Class 2E prides itself for its representation in the extracurricular activities and our consistent showing of school spirit. Though our class may not be the very best nor perhaps the most intelligent class in the school, we make it our home away from home, and we are proud to call it such.

Between classes we show our genuine good fellowship, for practically everyone is walking around, visiting with other students, discussing class work, homework, or perhaps the upcoming exam. When the teacher enters the room, however, all is quiet. Then you will find a room full of studious students trying to pass courses in history, religion, Latin, English.

In all, we have a fine class with excellent teachers; and together, we hope to make a name for ourselves in the history of St. Ignatius High School.

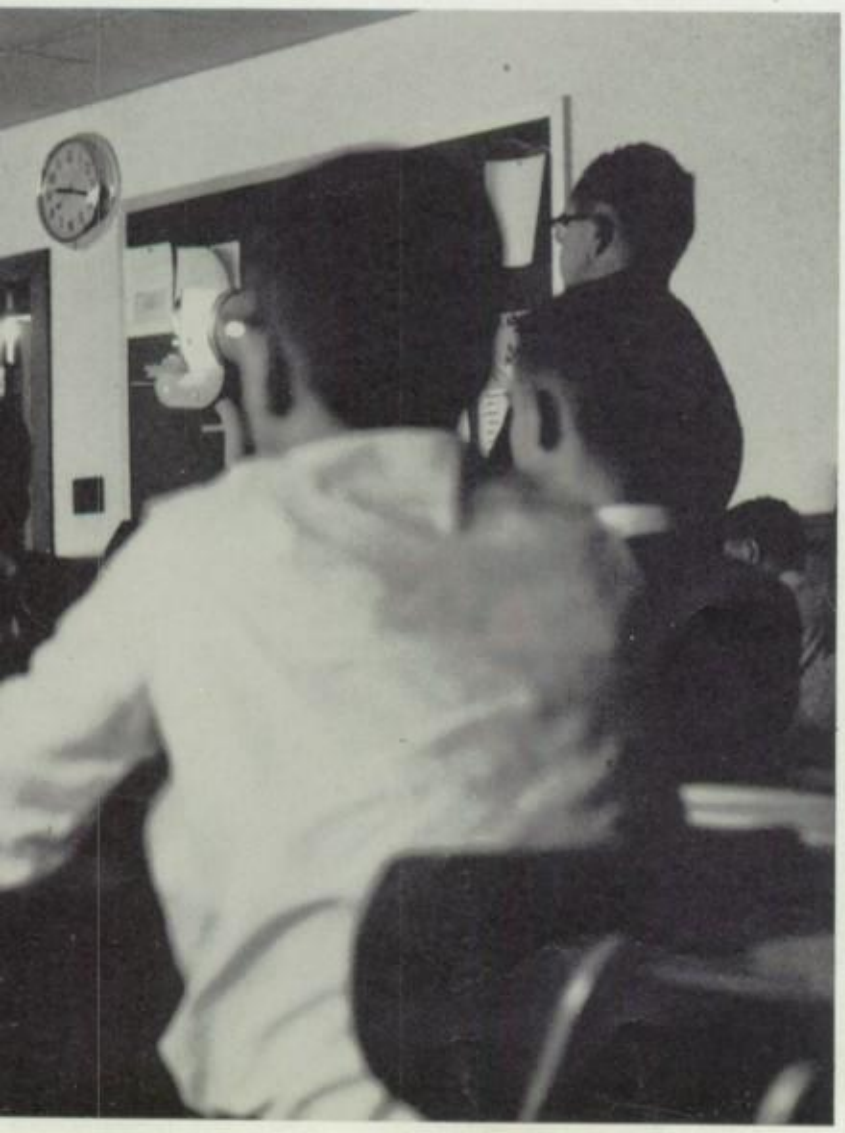
2F



Our class has taken on a new look this year, externally as well as internally. The class has grown in both numbers and spirit since last year. Almost every member of the class is a participant in some extra-curricular activity. Whether it be the football team, Booster Club, band or Sodality, 2F is worthily represented in each organization. Class 2F consistently is one of the top classes in the mission collections. As a whole, the class is doing very well in every subject. Rightly so, for this year, 2F has probably some of the best teachers Ignatius has to offer. This year the members of the class have devoted more time to better study and deeper learning. Going at this rate, the class of 2F is a sure bet to be *the* class of 1964.

One word would be sufficient to describe Class 2G: unusual. The class is unusually intelligent in that it far surpasses all other sophomore sections when it comes to the brain brigade department. Finishing high on all exams, the students of 2G are considered tops in every field.

The class is unusually spirited, with members in every school-sponsored activity. Class 2G boasts members whose willingness and drive contribute greatly to the success of their organizations.

The men in 2G are unusually talented as well. Their ability to perform anything with precision and accuracy has been demonstrated in their school work, their contributions to the junior varsity team, and their performances in the Harlequins, as well as many other activities.

But most important, 2G is unusual as a class. It isn't just a collection of students who have nothing in common, who care about neither their school nor their classmates, and who contribute little or nothing to their Alma Mater. 2G is a unit of men; 38 men who feel, act, and work as one. Their spirit, school and class loyalty, participation, and contributions are freely and fully given to the best of each one's ability.

Intent concentration on mastering this most helpful skill

The Sophomore Class at St. Ignatius High School has every right to be proud of Class 2H. We can boast that at least twenty of our thirty-four members will be present at every football game, cheering themselves hoarse and urging the Wildcats on to victory.

At least one man from Class 2H is in each of the many school extracurriculars such as the Glee Club, the Sophomore Sodality, and the junior varsity football team, as well as the other junior varsity sports.

Class 2H considers its most important goals to lie along the lines of scholastic achievement. It does not, however, close the door to good humor and fun. An array of humorous incidents come to mind as we look back over the year. Certain members of the class are quite prominent in many of these incidents.

Our loyalty is shown in the weekly mission collection and the various school drives in which 2H consistently ranks near the top. This loyalty to the school, this good humor, and this interest in studies make 2H a class we are proud to belong to.

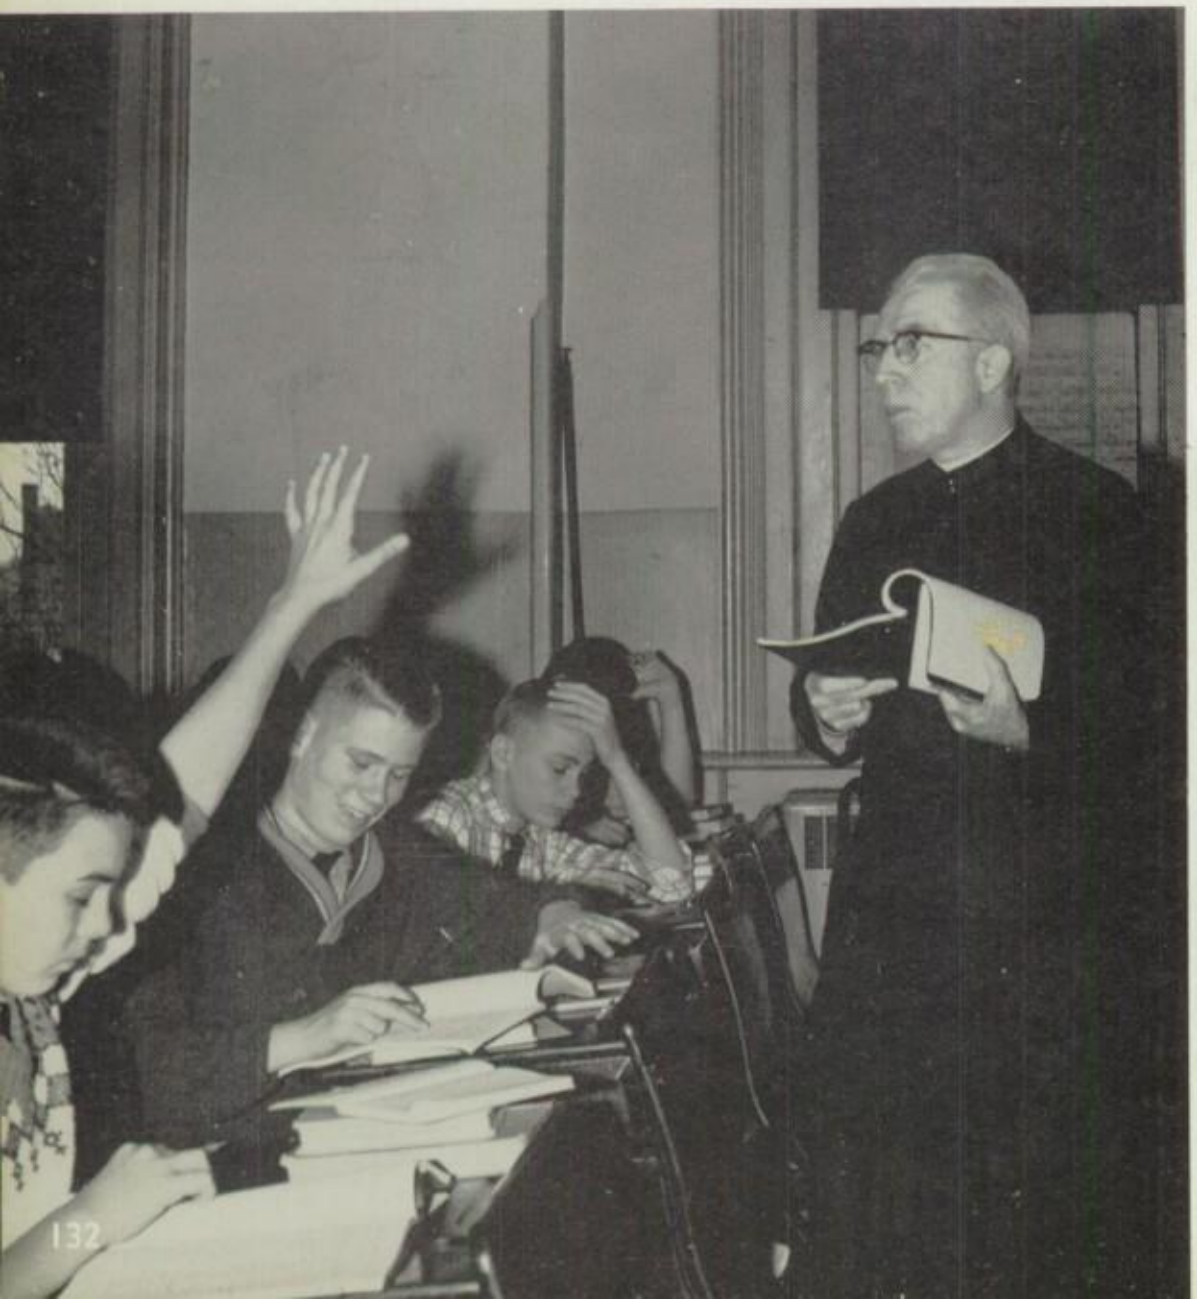
"I found it," Father!



Every day thirty-two boys march up four flights of stairs. They then proceed to their respective lockers to get their books, papers, pens, and pencils for the day's classes. If they get there early enough, they find time for a pleasant exchange with some of their fellow classmates. Slowly (except when there is an exam) they walk through a door which has posted above it, "Room 43."

They spend the rest of the day acquiring new knowledge and ideas, so that when they leave St. Ignatius they will be able to handle any job with which they are confronted. This class has one major objective: to become good Catholic Americans.

These boys represent their room in many activities, including football and basketball, speech, debate, and band, and are consistently tops in the mission collection.

After the long school hours, they leave their desks and return to their homes, to study and prepare for class again the following morning. This is Class 1A.

You will not find St. Ignatius High School listed in the dictionary. You will also not find Class 1B listed in the dictionary. But in the hearts of the 1B classmates, St. Ignatius and Class 1B are listed before Aardvark.

For 1B, St. Ignatius is the most important thing in their lives. They give all their efforts to the school and their excellent teachers. Every one of its members realizes that the amount of reward you receive is determined by the amount of work you put in. And 1B is really working—both in regular school work and in extracurricular activities. Their determination is something the entire school will be proud of in the years to come. Class 1B is really going to the top—to the top of the school list.

We think Class 1C might be one of the best classes ever to enter St. Ignatius High School, because we have some of the best teachers in the school. They include: Mr. Fleck for Latin, Mr. Macy for Algebra, Fr. Yatsco for Religion, Mr. Taggart for History, Mr. Schmidt for English, and Mr. Murphy for Speech. Room 51 is always well represented at the football, basketball, and baseball games to cheer the team on!

Our class is also well represented in sports and extra-curricular activities. We have excellent representation on the football team and in bowling. In addition, many of our classmates are active in debate, band, the Speech Squad, Science Club, and the Camera Club.

For all these reasons and many more, we think Class 1C is the best class. And we hope that we can make St. Ignatius proud of us, because we are certainly proud of St. Ignatius.

The Class of 1D can be proud,
They are really on heck of a crowd;
In the morning they're dull,
For they want to just lull
Way up on a fleecy white cloud.

As the morning rolls on,
They soon come upon,
A problem they find to be hard;
The Teacher will show
How he came to know,
The answer from which they were barred.

Right after lunch
They have a hunch
A religion test's coming their way;
They tremble and shake,
Their heads start to ache,
Then the note "No test today."

At a quarter to three,
The Class of 1D
A day of hard work left behind,
Is released from the pains,
That were singeing their brains
And is sent out to torture mankind.

1E

Class 1E, a really lively class, never has a dull moment. In Latin, Algebra, English, History, Religion, Speech and Gym, we always stick together, put our noses to the grindstones, and work (?)—well, we look studious anyway . . .

This conglomeration features sprinters, walking dictionaries, brilliant students, and clowns. From Bay Village to University Heights gather the 1E scholars each school day. Bus, rapid, car, and thumb bring the happy group together for six short (!) periods Monday through Friday.

Under the leadership of our capable president, Paul Varley, and our Veep, Greg Miller, Class 1E will reign as the top frosh class. Through thick and thin, through Algebra and History, through lunch and 2:45, we have fun, experience joy, and not seldom, some sorrows. We think we take a back seat to no other freshman class!

Being freshmen and being new at St. Ignatius, 1F is just beginning to work as a class. Though new, we are quite well represented in the various school organizations, and are also represented in the other clubs, such as the Camera Club, the Radio Club, the Science Club, and the Glee Club. We have also earned places on the honor roll.

In the field of athletics, 1F has members on the football team, the bowling team, track and basketball as well. We also show promise of being a tough contender for the school intramurals championship.

Members of our class have a generous amount of school spirit, as is evidenced by our whole-hearted support of the school teams at games and our participation in the school extracurricular activities.

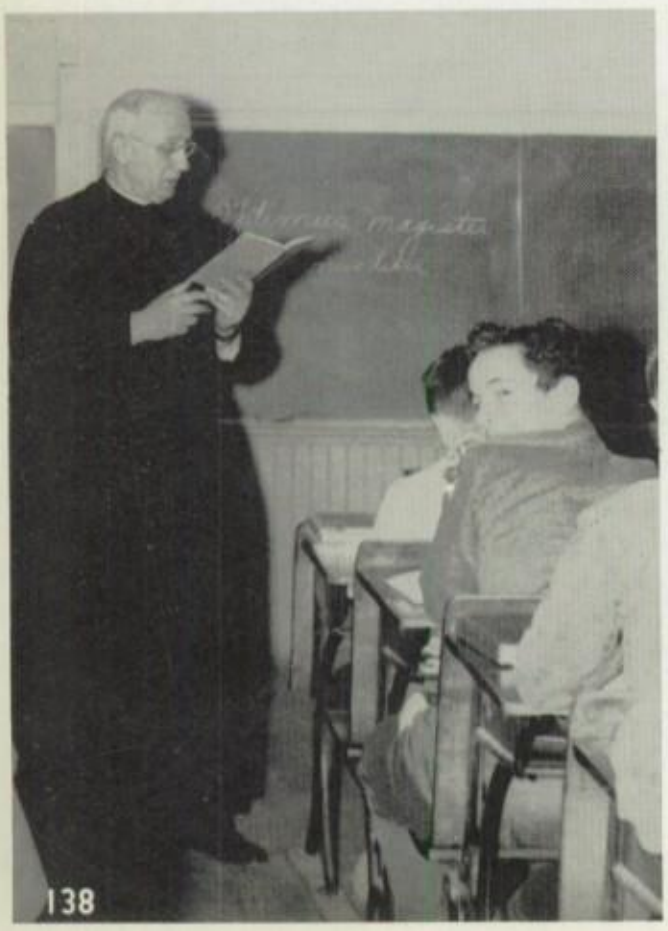
Who, in this case, is the "optimus magister?"



1G

If you're looking for a class with boys in sports and activities, with boys consistently appearing on the honor roll, with boys who really manifest a genuine school spirit, you'll find it in Room 72 of Loyola Hall. This class is known on campus as 1G.

This room is just chock-full of footballers, basketballers, trackmen, speechmen, and the like. Quite naturally, we have our "brains" and also our class "characters," but on the whole, 1G works as a strong unit at all times. We give very generously to the missions also.

So you can see, 1G is a generous, athletic-minded group. We only wish our teachers would recognize our versatility and reward us accordingly—good grades, no demerits.

1H

"Education makes the man." With this quotation in mind, our class, 1H, began its course of studies at St. Ignatius. Armed only with skill and the determination to learn, we immediately began to strive toward our goal, a level of scholastic achievement which will fittingly enable us to face the world as we arrive at adult maturity.

Our studies, of course, demand full attention of our faculties (as well as of *the Faculty)*, but "all work and no play makes Jack a dull boy." Thus, an impressive list of extracurriculars are not only made available for us here at St. Ignatius, but 1H has taken full advantage of the situation.

We will not spend time describing what we hope to accomplish; but we can sum it up in a few well chosen words: watch us, we are going to the *top!*

Another test! And right before Christmas!

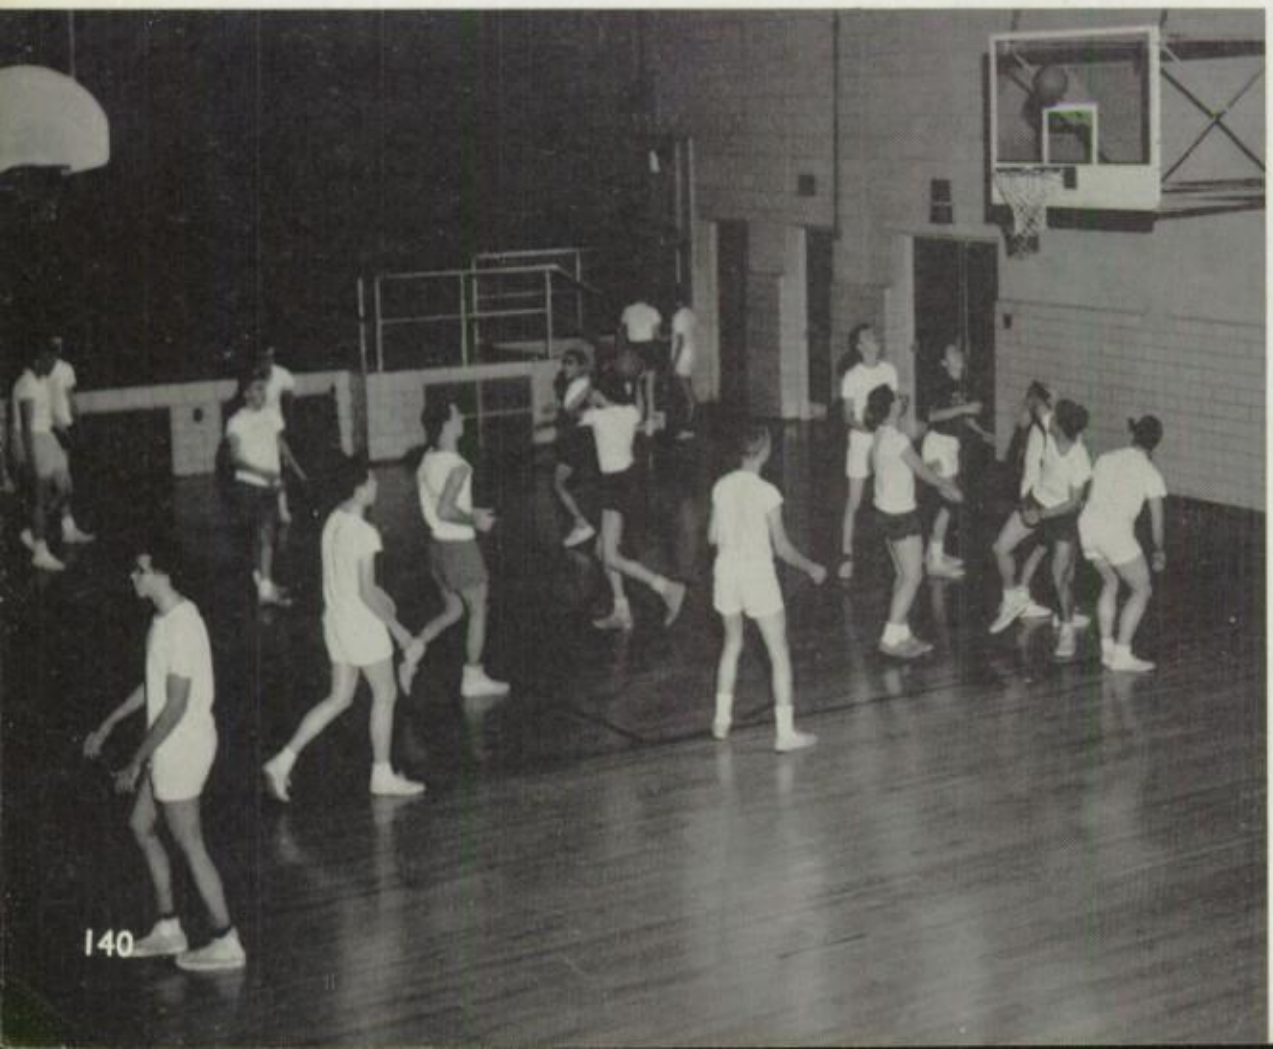
1J

The "relaxation" of gym period.



As in previous years, the freshman class of 1J is out to leave its mark in the St. Ignatius record books as one of the most spirited classes in the school's history. Our young men are participating in almost every activity on campus. In sports, our class boasted members of the undefeated freshman football team.

We have many goals set for our first year at St. Ignatius. One of our highest goals is to lead the school in mission collection. If class spirit continues to run as high as it is now, this will be but one success chalked up our our "win" column. Speaking of spirit—you will see our class well represented at every St. Ignatius athletic event helping to boost the Wildcats to victory all through the year. Yes, we feel that it is safe to assume that the school year of 1961-62 will be a great year for St. Ignatius and the thirty-five men of Class 1J.

It is true that the 1961 Ignatius football team did not win the City or the West Senate title, but the season must be considered a whole-hearted success. The Wildcats compiled a 7-2-1 over-all record. This indeed was a great feat, for the team was not composed of super-stars; but rather was a closely knit *team* of all around athletes. Ignatius was outweighed in almost every game, but they were never outweighed in spirit.

The Cats defense made up in speed and tenacity what it lacked in brute force. Led by the forward wall of Howie Williams, Pat Morgan, and Don Strosnider, and Dan Maloney and Ed Walsh in the defensive backfield, the Wildcat defense did an outstanding job.

Many names can be mentioned for the shining offense. Bob Spicer was our leading ground gainer; George Pedley our leading pass receiver; and Ray Kubacki our excellent quarterback. Jim Oliphant and Steve Huntz filled out the powerful backfield. John Malone and Allen Jones were our stout internal wall.

The whole Ignatius team is a great bunch of football players. Nobody will deny that. In the future when we look back upon this year, no doubt we will say that 1961 was a great year for football at Saint Ignatius.

The highly rated St. Ignatius High School eleven moved onto the Redmen's reservation for its opening contest. The team lived up to all expectations by defeating Parma 20-0.

The Wildcats' defense played superbly and, as a result, Parma threatened to score only once during the whole 48 minutes of play. Meanwhile, the Ignatius offense shifted into high gear and, after a 47 yard pass from quarterback Ray Kubacki to halfback Bob Spicer, put the ball on the Parma one yard line. Spicer sprinted over for the score, leaving Ignatius with an 8-0 lead at the half.

In the second half, Ignatius scored two long drives featuring the running of Spicer and Huntz, while the defense, led by Morgan and Eagleeye, held Parma at bay.

The passing of Bob DeSapri and the absence of Ray Kubacki hindered the Wildcats in the Latin game. Ray was sidelined with an injury that he received in the Parma game, and DeSapri threw four touchdown passes.

Although the Cats could not get their passing game going, they ran through the middle of the Latin line with ease. We gained 174 yards on the ground. The highlight of the game was the 95 yard kick-off return of Jim Oliphant in the second half. Bob Spicer and Steve Huntz gave the Cats their other two touchdowns.

In their first West Senate contest, the Wildcats ran into a fired-up Holy Name eleven. After struggling through a scoreless first period, the Cats went to the air to score in the second quarter. With 13 seconds left in the first half, quarterback Ray Kubacki heaved a 54 yard aerial to end George Pedley to cap an 89 yard drive. Halfback Bob Spicer carried for the conversion and the Cats led 8-0. The Namers, however, scored from two yards out in the third quarter and also added the twin conversion to knot the score at 8-8. The fighting Wildcats came back strong late in the fourth period, driving from their own 34 to the Namers' 40 yard line, only to have the effort fall short when a Kubacki pass was intercepted. The game ended shortly after with the score still tied at 8-8.

In the ooze and mud of Lakewood Stadium, the Wildcats took a great step toward the West Senate title. After three successive losses to the Lawyers, Ignatius broke the hex, 6-0. The aggressive defensive line and the daring running of Bob Spicer sparked the team to victory.

Midway in the 2nd quarter, Ignatius recovered a Marshall fumble on the Lawyers' 49 yard line. With 4th and one on the 41, Spicer went back to kick. The Marshall team was stunned when he faked the kick and zoomed to within three yards of a touchdown. Steve Huntz took it from there and plunged over with the game's only tally.

The victory was further sweetened by the fact that Marshall's league victory string was snapped at 19 games, and by the Wildcats!

Ignatius Trounces Rhodes 44-30

The Wildcats again established themselves as contenders for the West Senate title with an impressive victory over the stubborn Rhodes Rams. Ignatius completely dominated the first half building up a 20 point lead while holding the Rams totally in check.

The Rams made a determined effort in the second half turning to their passing attack bringing the score to 28-24. The Wildcats, however, pulled away with three key plays—a sparkling kick-off return for a touchdown through the combined efforts of Steve Huntz and Jim Oliphant; a punt by Bob Spicer to the Rams' one yard line; and a ten-yard score on a rollout by Ray Kubacki. The offensive stars were Jim Oliphant, Bob Spicer, and Ray Kubacki, who accounted for 36 points between them. The defense, inspired by the heads-up play of Ed Walsh and Dan Maloney, completely stalled the Rams' ground game and forced them to revert to the air.

Bob Spicer is brought down at the end of a long run.

The Tech game began a series of highscoring victories for the Wildcats. It was the most decisive game of the season since the opener with Parma. Despite three pass interceptions, the Cats rolled down the field time after time to cross the Tech goal—and this with little effort.

Quarterback Ray Kubacki opened the Ignatius attack with a four yard run to pay-dirt. He scored again later in the game on a 15 yard jaunt. Ed Walsh added spark to the Wildcat defensive unit by two midfield runs for TD's, one on a punt return, the other on an intercepted pass.

The other Ignatius tallies were by Spicer, on a two-yard plunge, and Huntz, on a 33 yard off-tackle play.

The Wildcats retained their first place tie with Holy Name by trouncing the South High Flyers in a one-sided contest, displaying a potent offense and a sturdy defense.

Ed Walsh started the Wildcats' scoring in the first period when he dashed 47 yards with a South punt. In the second period, the Cats added two more scores on an 8 yard pass from Ray Kubacki to George Pedley and a 21 yard jaunt by Junior fullback Steve Huntz. A 30-point third quarter put the game far out of the reach of the Flyers. Later in the second half, with all his receivers covered, Kubacki took off on a 60 yard touchdown run. Then Dan Maloney and Terry Clark raced 52 and 62 yards respectively with intercepted passes. Kubacki hit Steve Huntz with a 14 yard pass to close the scoring.

Paced by Ray Kubacki's three touchdown passes and Bob Spicer's 20 points, the Wildcats equalled a school scoring record with their impressive 62-8 victory over West High. On the first play from scrimmage of each half, Ray Kubacki tossed touchdown aerials of 39 and 22 yards respectively to Steve Huntz. Kubacki's other scoring pass was a 40 yard play to end George Pedley.

Halfback Bob Spicer scored twice on 4 and 1 yard touchdown runs. Halfback Ed Walsh sprinted 74 yards on an electrifying touchdown jaunt, and Micky McHale scored on a 32 yard run. Ray Dress got into the scoring act for the Wildcats with a 5 yard run around end.

The defensive unit played a great game as well, holding the opposition to eight points and scoring two points for themselves when Bob Doran tackled West's quarterback in the end zone, to cap a great team effort.

Lincoln	***16***

The Wildcats wound up their regular season with a hard-fought 24-16 victory over stubborn Lincoln High. The Cats, co-champs of the West Senate with a 7-1-1 record, got off to a fast start scoring three touchdowns in the first quarter. Then the defense took over as Ignatius was able to grind out only one more score—a five yard run by Bob Spicer.

Steve Huntz scored the first of his two touchdowns on a two yard plunge after Ed Walsh had recovered a Lincoln fumble. Ralph Eagleeye then added six more points with a five yard burst as the first quarter ended. In the closing minutes, Lincoln threatened but an inspired Ignatius defense stopped the Presidents short. The victory served as a tune-up for the title clash with Holy Name.

Ed Walsh took the opening kick-off and went all the way down to the Namers' nineteen before Frank Solich hauled him down. The drive, however, failed and Holy Name took over. With 4:52 left in the first period, the Namers scored on a 20 yard pass. Then the play slowed down considerably and the half ended with Ignatius trailing 6-0.

Then early in the third quarter, Steve Huntz burst off tackle and sped all the way into the end zone on a 44 yard jaunt. The extra point failed. But early in the fourth quarter, Holy Name called on their speed merchant Frank Solich who slashed off tackle and went all the way on a 55 yard run. The Namers converted and the score was 14-6 with 9:33 left. In the remaining minutes, an Ignatian drive was halted and the Namers left the field the victors, bound for the Charity Game.

For the third straight year Coach John Braucher led the Junior Wildcats to an undefeated season. The only blemish on the '61 JV's record was a tie suffered at the hands of Holy Name JV, on a rain-soaked John Marshall field. By successfully rolling over its other 6 opponents, however, the mighty JV squad managed to cop their third straight West Senate Crown.

With Bob Borchert capably subbing for injured QB Bill Burkhardt, and Tim Pell, Don Ross, Mike Mears, and Al Wilhelms doing most of the running, the rugged Junior Cats

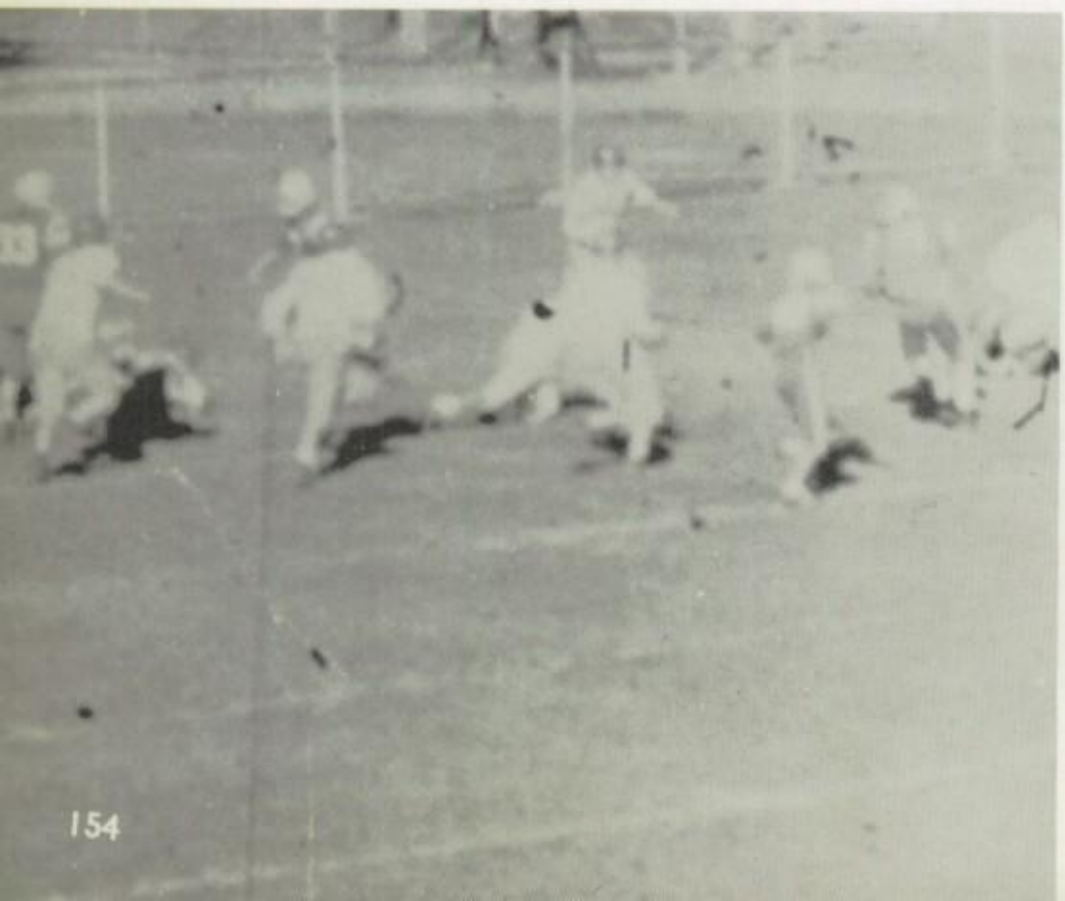
Milligan knifes through tackle for the score.



For the second time in the history of the school, the Ignatius Frosh rolled up an undefeated season. Only once before, in 1959, has another freshman team accomplished this. Under the able coaching of Mr. Kilgallen, S.J., and Mr. Murphy, the Kittens rolled up 212 points to 44 of their rivals. The team showed good form and gridiron know-how—all indicating great promise for the future. Co-captains John Minnillo and Dan Milligan turned in strong performances and proved to be good leaders on the field. The starting line-up averaged 5'9" and in weight, 152 per man. This shows how speed and determination can make up for the lack of size and weight.

"Sharp blocking, crisp tackling, and hard running made us champs," said Mr. Kilgallen about his undefeated "Seventy-Fifth Anniversary" freshman team.

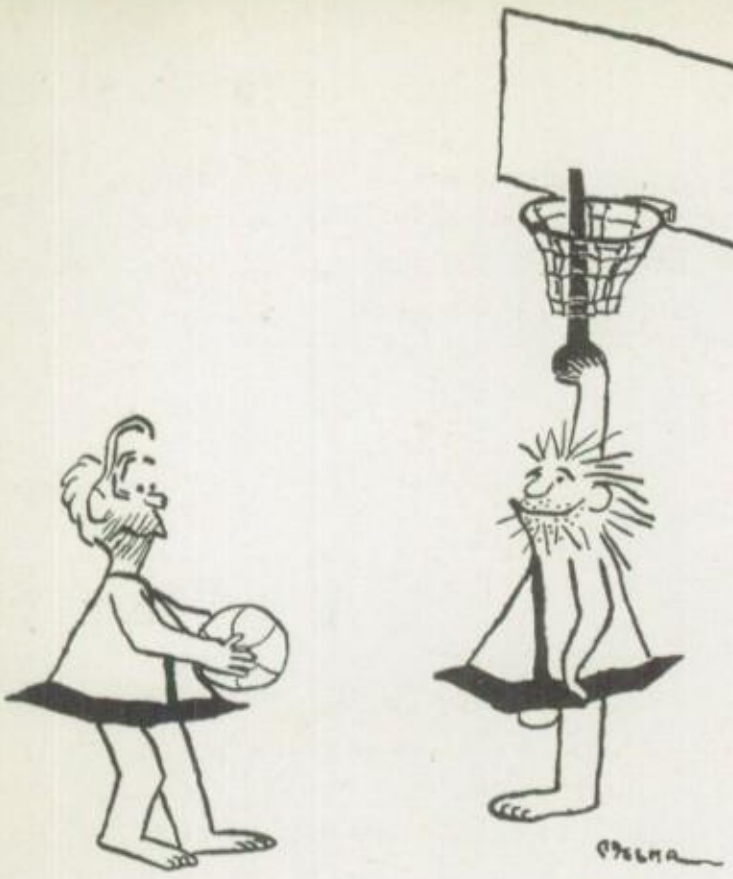
*City Finals

The 1961-62 Wildcat basketball squad started out this year with a short and green starting quintet but finished the regular season as uncontested West Senate Champs. With only one regular from last year, Pat Masterson, and the tallest starter at 6'2", the Wildcats and their coach Mr. John Wirtz had a long way to come—and they did!

After an opening night victory over Holy Name, the Ignatians lost two very close games in a row, one to John Marshall and the second to Rhodes. At this point things didn't look too hopeful for the Wildcats, but they fought back and, with uncanny shooting accuracy, great speed, tenacious defense work and a lot of heart and hustle, they proceeded to down West and eleven other opponents in order. This string included two victories over favored West High and also a victory apiece over John Marshall and Rhodes.

The starting five, consisting of Captain Pat Masterson, Bill Bergold, Mike Hanley, Steve Huntz and Jim Materna, all great in their own right, blended magnificently as an even greater team.



Ignatius 66 — *Holy Name 41*

Led by Mike Hanley's 19 points, the Wildcats took to the basketball court to avenge the Football team's earlier loss to the Namers. The team made a fine showing as they opened up their Senate season. Pat Masterson and Jim Hammett also put in fine efforts as they helped Mike down the Namers. Pat had 18 and Jim had 14.

Ignatius 58 — *Rhodes 62*

Although Mike Hanley scored 15 points, his effort was not enough to overcome the Rhodes Rams. The Cats made a valiant effort to catch up to Rhodes in the final period, but it was to no avail. Steve Huntz and Pat Masterson scored 13 and 11 points respectively, but they could not overcome the Rams. We lost by only four points, 58-62.

Mike Hanley put in another fine effort, 13 points, but he and the team could not overcome the mighty Lawyers. The Wildcats came back strong in the fourth quarter, but it was not enough. Steve Huntz and Jim Materna led the unsuccessful comeback with 12 points apiece. They could not overcome the lead the Lawyers had.

Ignatius 75 — West Tech 48

With four of the five starters hitting in double figures, the Wildcats made a fine comeback from their two losses and whipped the Warriors, 75-48. Mike Hanley led the Ignatius scorers with 18 points. Pat Masterson followed next with 16; then Bill Bergold with 13; and Steve Huntz with 10.

Pat is up in the air about these two points.

West High, who brought a 5-0 record into a packed Ignatius gym, was handily dropped from the ranks of the undefeated by a score of 73-48. Taking the lead from the opening tip-off, the Wildcats never stopped scoring until the last buzzer. Pat Masterson led the *team* effort with 19 points; followed by Mike Hanley and Steve Huntz, who had 18 and 12 points respectively.

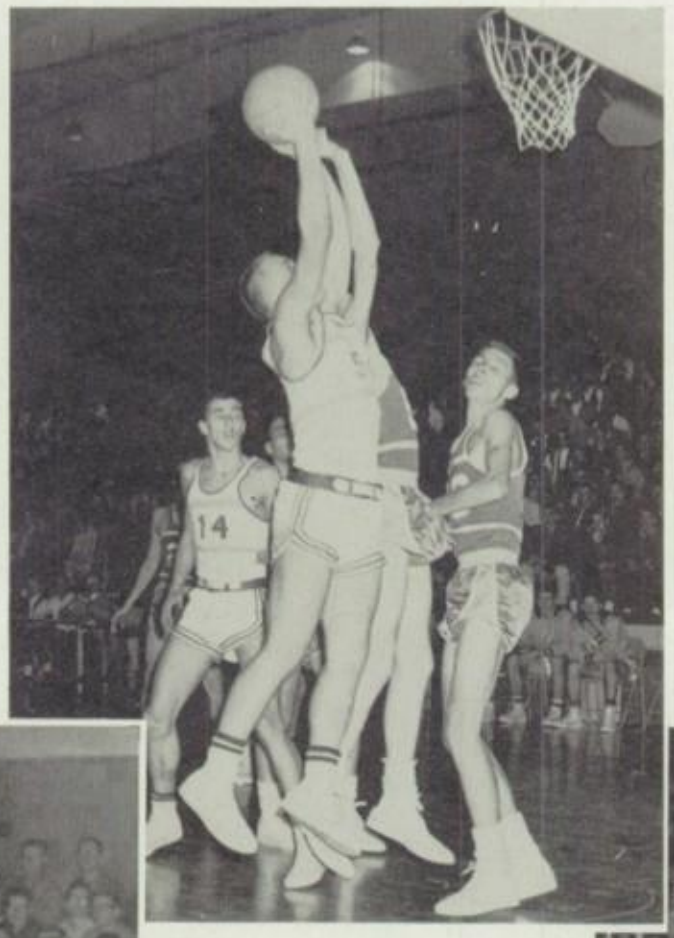
Meeting their cross town rivals before another sell-out crowd, the Wildcats played a ball control game and came out on top. Although the Wildcats had to stave off a valiant fourth quarter effort by the Lions, they still had to fight to overcome the Lions. Mike Hanley and Pat Masterson combined for 30 points between them. Mike had 17, and Pat had 13.



Ignatius 69
Benedictine 60

The Wildcats had to fight off a furious Benedictine Bengal in the fourth quarter to preserve their four game winning streak. Mike Hanley and Jim Materna put in their best efforts to date. Mike poured in 23 points, and Jim had 18. Bill Bergold's jump shot netted him 16 points to add to the Wildcat score.

Ignatius 72
Holy Name 52

The Cats kept their winning streak and comeback surge going by tripping the Namers for the second time, 72-52. Mike Hanley again led the scoring with 20 points. He was followed by strong efforts from Jim Materna, who had 13; and Steve Huntz, who had 12.

The Wildcats broke the four way tie for first place in the West Senate by beating the Lawyers on our own court. While West High was disposing of Rhodes, the Wildcats rolled over Marshall. The Junior Varsity concluded another successful season as runner-up in the close West Senate race. Coach John Braucher's Wildcats turned in some excellent performances, but the three close losses to West Tech, West and John Marshall proved the difference between first and second place. "Give me an I" was the most popular phrase heard around campus this year. It is the opening line of a cheer that Ignatians immediately associate with the basketball cheerleaders. These spirited men, dressed in their colorful, original costumes, were responsible for the tremendous student support during the season. Baseball Relies on Veterans

The 1962 Ignatius Baseball squad relied on veterans Bill Bergold, Steve Huntz, and John Stecklow to match the championship performances of the varsity football and basketball teams for the year. Bill hit a solid 600 plus at the plate to lead the city in batting, and in fielding, Steve Huntz, John Stecklow, and Den Lazuta placed second to none. This year 1962 also marks the first year that Mr. John Braucher takes over from Mr. Wirtz the piloting of the team.

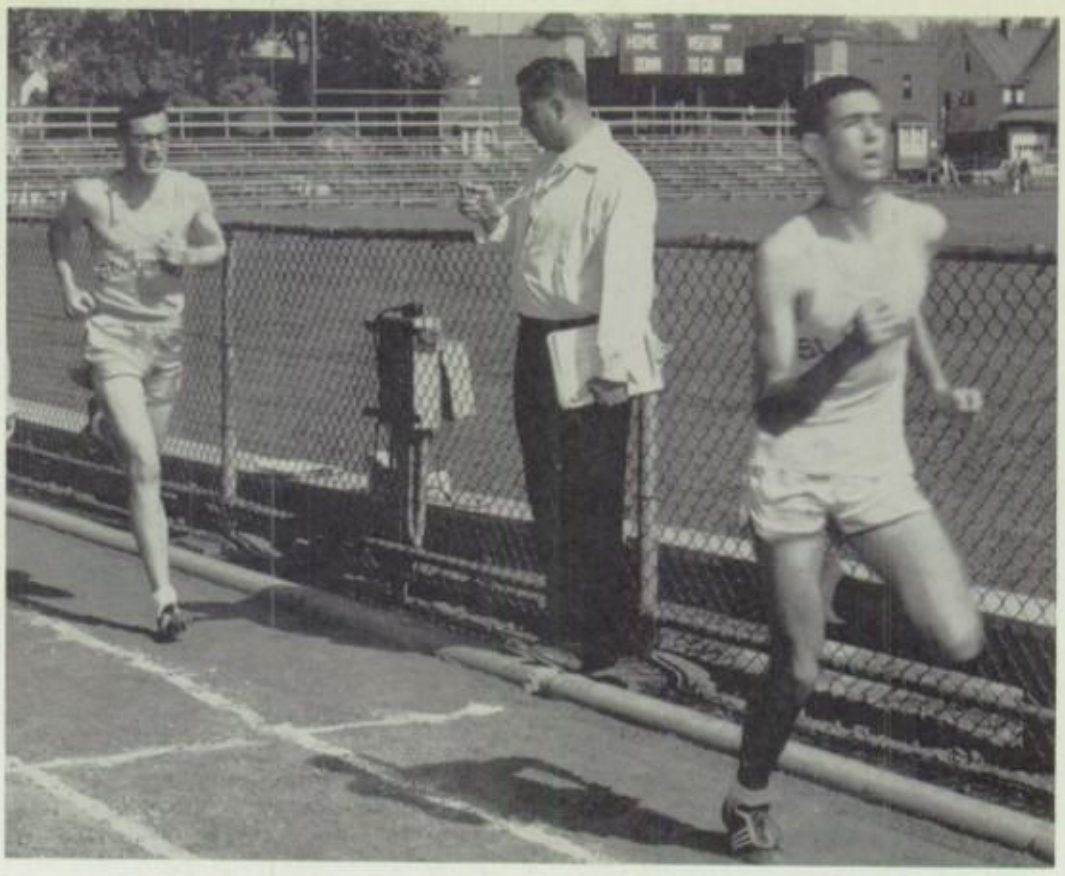
Top: Bednar, Toomey, Henninger, Kresge, Voska, Wilhelms, Ross, D., Pell, Miller, Matyk; *Third:* Franz, Borchert, Doran, Koral, Clement, Katoch, Kalla, Kill, Grealis; *Second:* Gillett, Gaul, Ryan, Kubacki, Krudy, Naughton, M., McCarthy, J., Deak, Horvath, Janowich; *Bottom:* Hunt, Naughton, P., Clark, T., McGinness, Brogan, Weiss, Leigh, Schwind, mgr. Haag.

Track Men Romp

The Ignatius cindermen, after strong performances in early meets, showed promise of ending with an outstanding season. Mr. Strosnider's 1962 team, featuring such outstanding performers as Kevin Hunt, Pete Kirkwood, Bob Doran, Ed Walsh, Ray Kubacki, Pat Naughton, Adrian Krudy, and Mike Clement has shown rapid improvements over their early season form. Sophomore members Don Ross, Al Wilhelms, Jim Franz, Joe Voska and Tim Pell among others insure a strong future for the Wildcats in both indoor and outdoor competition.

Waiting for the tape to snap . . .



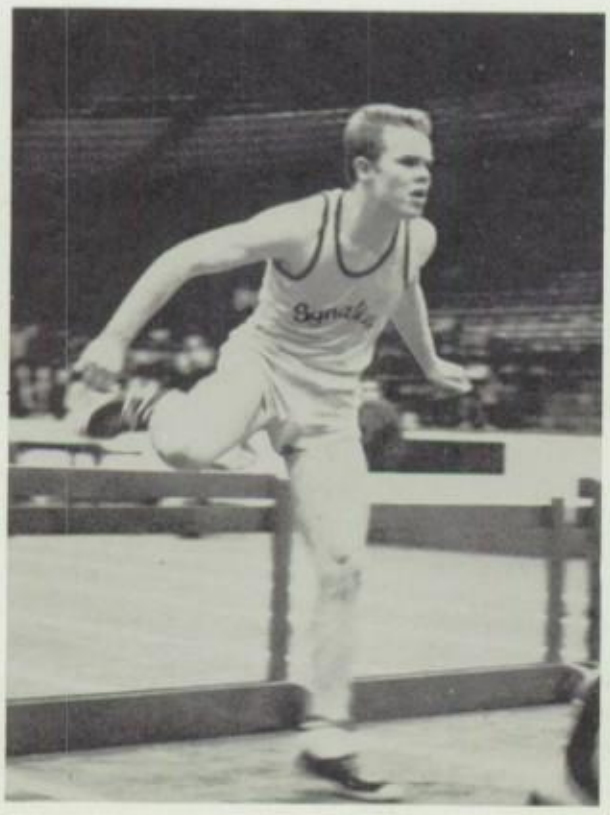
Not only first, but second as well!

Victory!

The passing of the baton, and the race goes on.

Hop, skip, and a ju-u-u-mp . . .

Pounding seconds off the boards.



One more hurdle . . . a step, and the tape!

Larry shows championship form as he clears the low hurdles.

And Larry does it again on the high hurdles!

Queen—KATHY SCULLY

Attendant—BEV MILLIGAN Attendant—BARB SPACEK

The Queen and Her Court

For the first time in the 75 years of Ignatius, the footba ll team elected a homecoming queen. The first queen was Kathy Scully, a senior at Beaumont School for Girls. Her attendants were Bev Milligan and Barb Spacek. Although we played Marshall in the mud and ooze of Lakewood Stadium, the Wildcats blanked the Lawyers 6-0. The rain prevented Tom Sheehan from presenting Kathy and her court to the students at the field, but she was introduced to Ignatians and their dates at the Homecoming Dance. Kathy made a lovely queen, but when it came time for her to speak, she was without a thing to say. She did, however, thank the team for the honor and tried to express her gratitude to the school in the following words: "I feel so proud just to be such a small part of such a great school as St. Ignatius."

Mud for Marshall . . .

Flowers for Kathy . . .

Sincere thanks to the students of

RECAPITULATION

The Story of Our Success

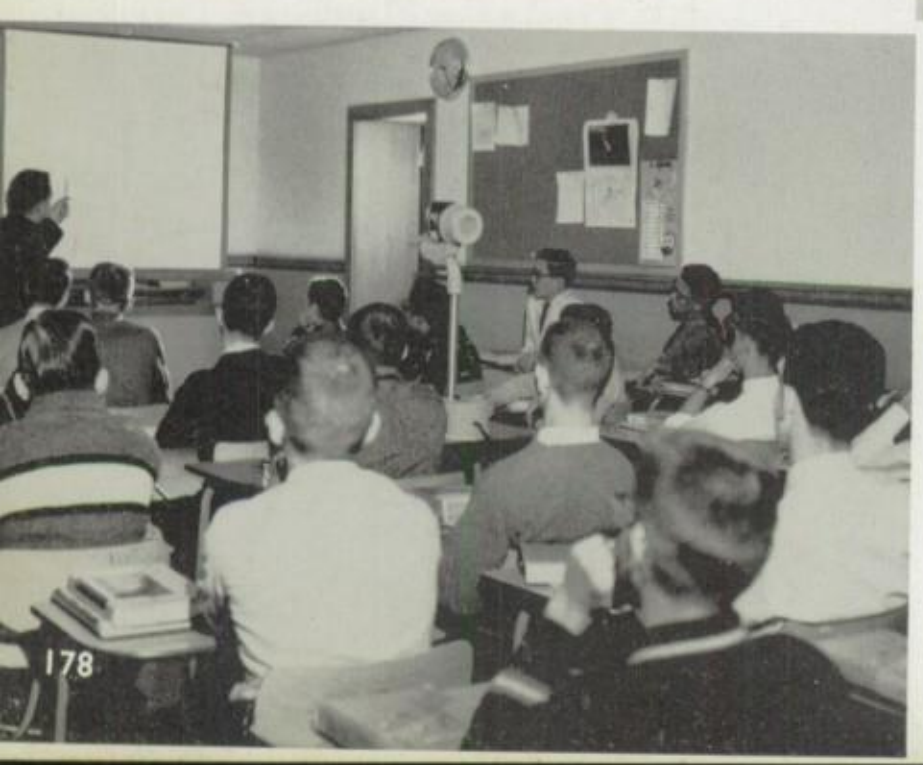
The story of St. Ignatius is truly the story of our success . . . our Ignatian senior grew and matured in this atmosphere of balanced training, the careful orchestration of every phase of religious, academic, athletic and extracurricular activity, that symphonic blend which will always characterize the Christian gentleman.

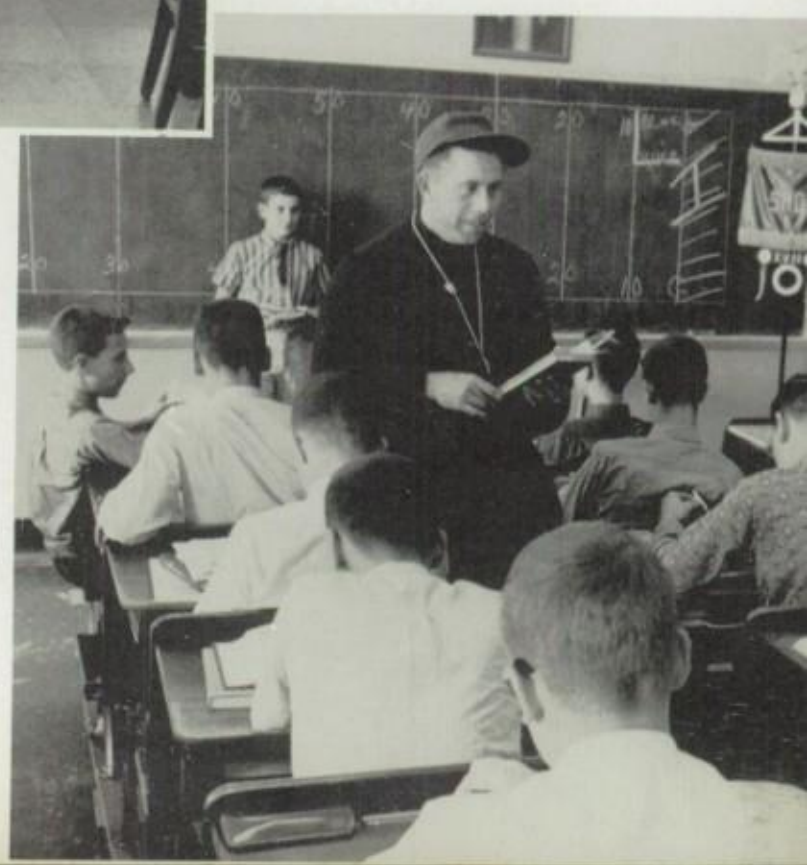
. . . in prayer . . .

. . . in private study . .

. . . some study with
a light change of pace . . .

. . . with serious attention . . .

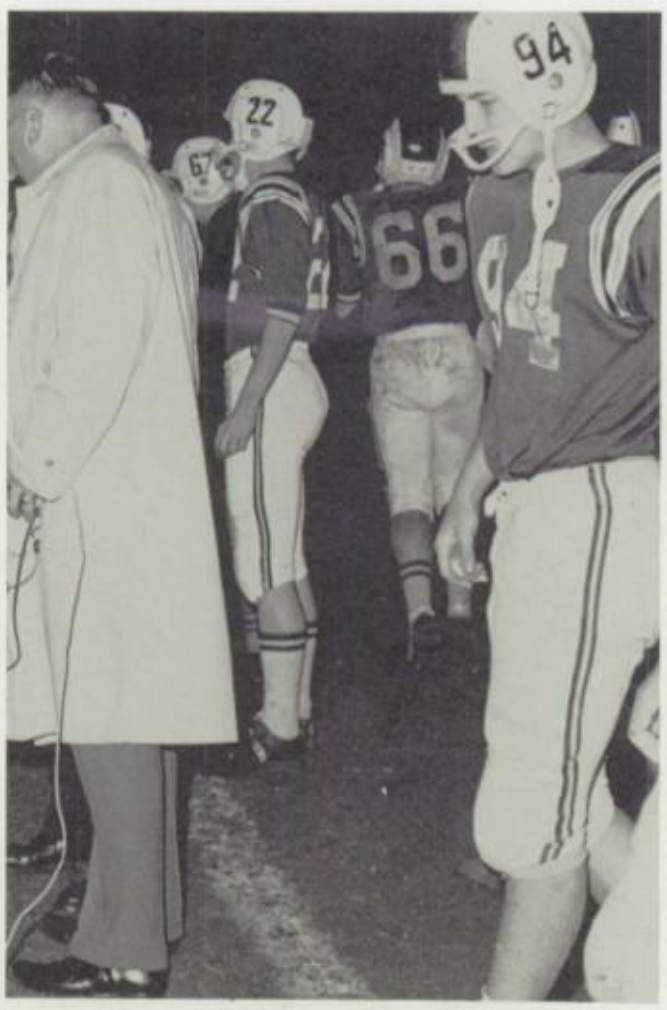




. . . in the generous application of his time and energy and talents . . .

St. Ignatius 1961-62

. . . in competition . . .



. . . yet always able to relax in the quiet fellowship of his classmates .

COMPLIMENTS OF A FRIEND

Class Sponsors

4A—Opinion is held of 4A
That the class is a roomful of brains
But it might be more fitting to say
We're a big buncha idiots!

4B—Out of the jaws
Of classical hell,
We rode our *ponies*
Fast and well.

4C—During gym and study hall,
We could not be excelled,
But during Physics and Trig,
We didn't fare well.

4D—To future Ignatians
A word of advice
Try bribing the teachers,
They all have their price.

4E—What the deuce!
4E knows no fear.
They hold their tempers
And guzzle their beer.

4F—We all plan to graduate,
We lost a few—they got the gate.
We've had to hem and haw and claw,
We owe our all to Business Law.

2A—Remember us for all we're worth
Remember us for all we've done.
Remember our one goal in life:
To live, learn, and have some fun.

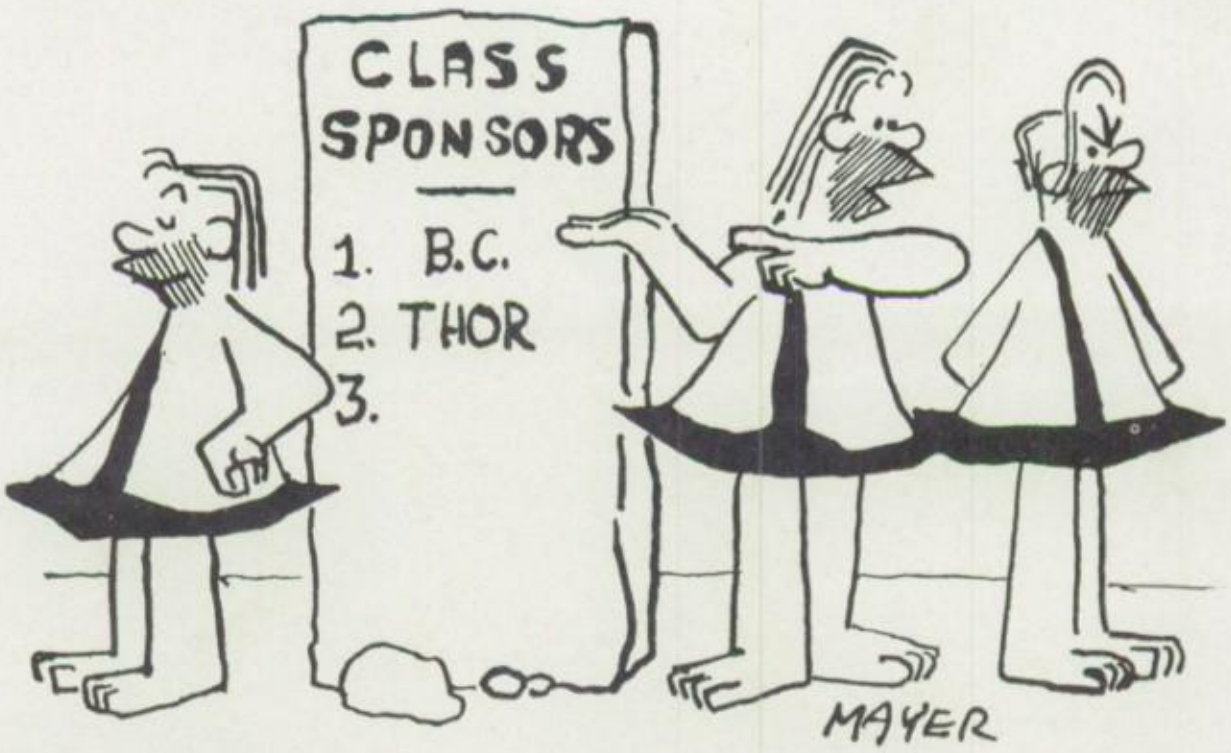
2B—In Latin we don't lead our class;
The same for History, too;
But when it comes to getting jugs,
We're way ahead of you.

2C—There is no class that can compare
with Class 2C, anywhere!
They're the finest, the greatest, no one denies;
The men of 2C are a great bunch of guys.

2D—Our class is sharp
We did our part.

2E—Dramatic—aahh—we could be,
Lively though we are,
Fascinating (*we* think so)
Memorable we always are.

2F—JA, BB, DB, PB, GB, TB, TB, TD, CD, JE,
DF, JG, MG, CH, KH, LH, JH, GJ, MK, JK,
KK, GL, KM, TM, KM, BM, MM, VO, TR,
ES, TS, JS, PS, AS, DU, BW, KZ, PZ, PZ—*2F!*



4G—4G will long be remembered
For its spirit and victory cries,
But they'll be remembered even longer
As a bunch of darn nice guys.

4H—Hark, the Herald Angels shout:
Holy smokes! 4H got out!
Parties, games, buttoned down shirts;
Whatever it was, we were first.

3A—3A wishes the best of luck
To the Class of '62
And who knows, with a little luck,
We might get there too.

3B—If I lived on an iceberg,
I might have learned to sing,
But in dear old 3B
I haven't learned a thing.

3D—Parties, parties
is our game
Attendance at them
Brings us fame.

3F—Best of luck, Class of '62
From the fellows of 3F to you.
You made it through four years, you know
Pray for us—we still have one to go.

3G—Atmosphere from Shelby
Is quite a common thing
But within the walls of 3G
The toothpick is now the swing.

2G—Under the long flourescent lights,
Lies a room that's up two flights.
All year long, that's where we'll be—
That's us—2G.

2H—Class 2H, third floor:
Dealers in white elephants;
You name it
We have it.

1B—The Class of 1B
Decided to be
The best that there is,
So here we is.

1C—L is for Latin
H is for History
How we passed
Is still a mystery.

1E—Class 1E
Our best wishes to Ignatius
And the grads of '62
On our 75th Anniversary.

1G—The lowest of rank
By privileges passed
Yet the last shall be first,
and the first shall be last.
